

Teodora Bozhinovska

Bachelor of Engineering, Information Technology

Experience

[2024 – 04/2026]

Skopje International Airport

Rent a car Agent at Alfa Rent Car

Maintained the company website via cPanel while managing client communication, contracts, and vehicle reservations in a customer-facing role.

[2022 – 2024]

Remote

Data Curator at Veeva Systems

Responsible for maintaining and updating data records. I ensured that the information was accurate, complete, and well-organized, so that customers could rely on precise data.

[06/2021 – 09/2021]

Bitola, North Macedonia

Intern at Stopanska Banka a.d. Bitola

Worked with relational databases and tested internal banking applications, gaining hands-on experience with data integrity and financial data processing.

Projects

Expense Tracker – Flask, Python, SQLite

Web application for tracking daily expenses with full CRUD operations, data display, and expense totals.

Book Review Application – Flask, Python, SQL

Web app for browsing and reviewing books by genre, with user login and database integration.

Quiz Application – Flask, Python, OOP

Multiple choice quiz web app built with object-oriented architecture, scoring system, and results display.
